**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

If we're ever going to make this more about the people of this country and their ability to function in the 21st century, then we need to have competition with more internet providers. Only having 2 effective choices, with no possibility of any competition because no new company can enter the market causes massive amounts of stagnation of infrastructure and price gouging. We need to make it easy for more competition to flourish!
